

○ ARYA OILFIELD & NATURAL GAS

INDUSTRIAL SPARE PARTS & SYSTEMS FOR OIL, GAS & ENERGY

RELIABLE SOURCING FROM GLOBAL MANUFACTURERS

LOGISTICS & TECHNICAL SUPPORT, END-TO-END

ARYA OILFIELD AND NATURAL GAS
EQUIPMENT AND SPARE PARTS TRADING LLC

ABOUT THE COMPANY

ARYA OILFIELD AND NATURAL GAS EQUIPMENT AND SPARE PARTS TRADING LLC

Dubai-based supplier of specialized equipment for the oil & gas and petrochemical industries. We provide a broad range of solutions for oil and gas production, treatment, refining, transportation, and petrochemical processing, serving clients across the globe with reliable sourcing, technical expertise, and on-time delivery

Our main capacity:

- OEM and aftermarket equipment & spare parts
- Hard-to-source components
- Urgent, time-critical shipments
- Full documentation and certification support

With a strong customer-focused service we deliver solutions that support our clients in achieving strong operational efficiency

OUR STRATEGIC ADVANTAGES

○ ARYA OILFIELD & NATURAL GAS

Core operations

- + 5 Key Procurement Segments: Rotating, Static, Instrumentation, Electrical, Filtration
- + 800+ Products across OEM and aftermarket
- + 24-72 hours response time for inquiries

Expertise

- + 5+ years in complex sourcing and reverse engineering
- + 20+ Engineering and procurements specialists
- + Internal database of 150+ qualified suppliers

Global Supply & Logistics

- + Consolidation and shipment hubs in Dubai and China
- + End-to-end logistics incl. EXW, DAP, DDP with customs coordination and support
- + On-demand packing, certification, and freight forwarding

WHAT DRIVES OUR WORK

○ ARYA OILFIELD & NATURAL GAS

Fast & Focused Sourcing

- + We specialize in finding exactly what's needed — fast
- + Whether OEM, equivalent, or obsolete parts, we deliver clear, verified offers from our partners around the globe

Tailored Solutions for Complex Needs

- + We handle non-standard requests, package multiple equipment lines, and build full-scope supply solutions for your project — all from one point of contact

Reverse Engineering & Technical Matching

- + When original parts are no longer available, we reverse-engineer or source exact-fit equivalents — saving time and cost while meeting your operational specs

Local Presence in Demanding Regions

- + With a strong network across MENA, we handle sourcing, logistics, and communication — even in challenging markets where others hesitate

CORE PRODUCTS

○ ARYA OILFIELD & NATURAL GAS

We supply top-tier industrial equipment and components trusted by industry leaders worldwide

01

**Pumps, Valves &
Mechanical Components**

02

**Power Distribution &
Electrical Components**

03

**Filtration & Separation
Equipment**

04

**Instrument, Control &
Measurement Systems**

05

**Oil Treatment &
Petrochemical Industry**

With a commitment to quality and performance, we deliver solutions tailored to your needs — from essential infrastructure to high-spec instrumentation, giving you the power to choose what fits best for you

MAINTENANCE SERVICE

○ ARYA OILFIELD & NATURAL GAS

06

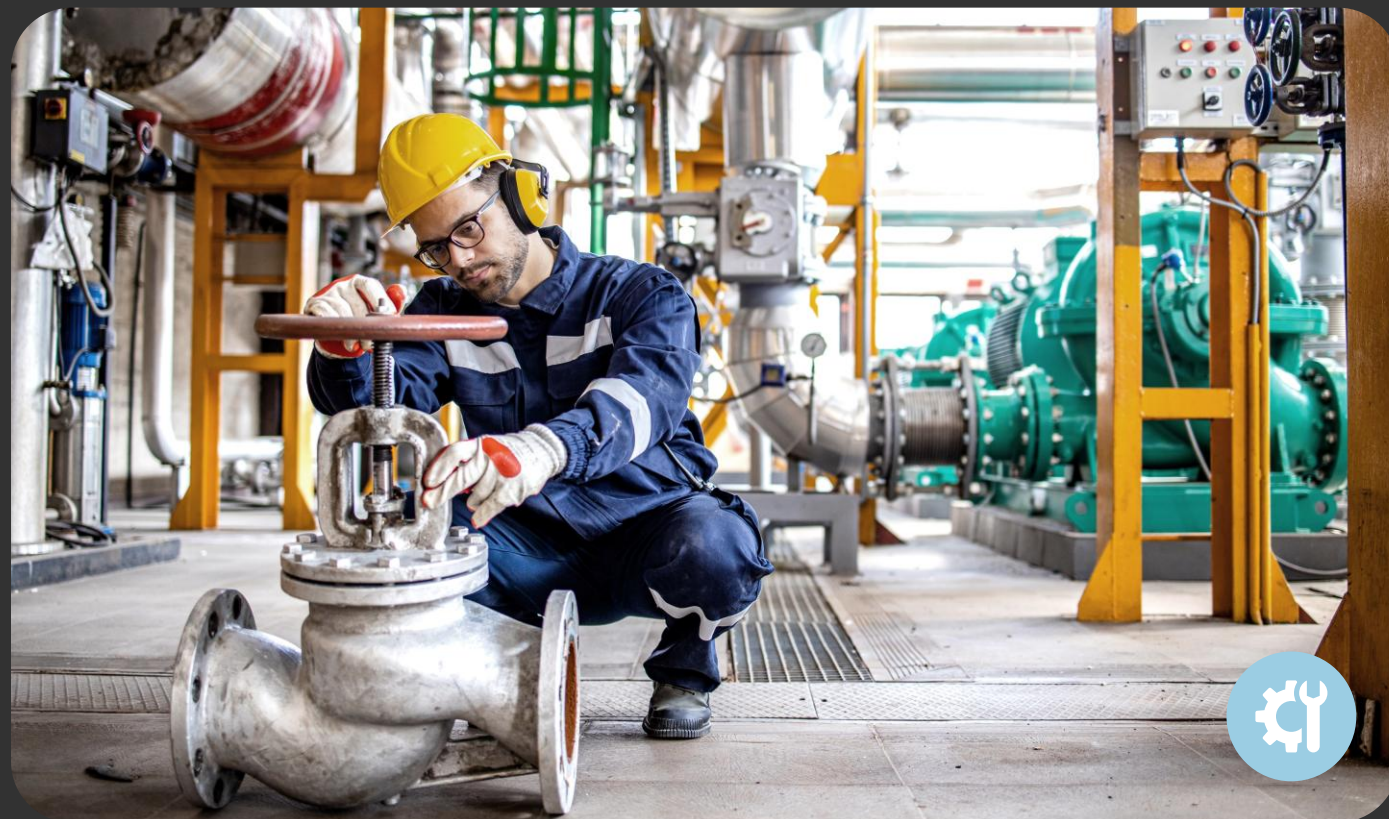

We provide professional maintenance services to ensure reliable performance and extended life of your equipment

Our team supports all major brands with preventive, corrective, and emergency services tailored to your needs

With a global network and OEM expertise, we help reduce downtime and optimize efficiency

CORE SERVICES

○ ARYA OILFIELD & NATURAL GAS

Procurement & logistics

Strategic sourcing and supply, optimized procurement, and end-to-end logistics support — tailored to minimize cost, mitigate risk, and enhance operational continuity across industrial supply chains

Reverse engineering

We offer expert reverse engineering services enabling you to enhance functionality of your and improve performance of your facility

Full cycle assistance

Expert support in procurement, cross-border payments, and complex logistics for high-value industrial projects backed by deep sector knowledge and trusted global partnerships

MARKETS & CLIENTS GEOGRAPHY

**We work with clients
from following industries:**

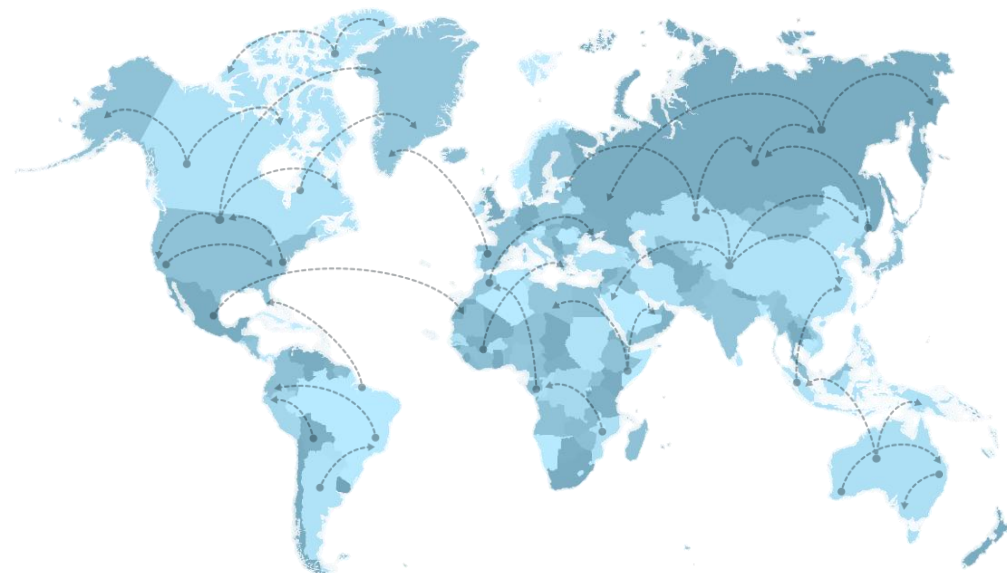

- Oil & gas production and treatment (refining, transportation and reverse oil production)
- Industrial EPC Contractors
- Utilities & Water Authorities
- Mining & Metals Operators
- Large-Scale Manufacturing Plants
- Offshore Platform Operators
- Government Technical Agencies
